The Frog Princess Play Emily Tindol 3rd

Hey! Guess what! Mrs. Tindol's Pre-K class and Mrs. Beaty's self-contained class went to see *The Frog Princess*. It was performed at Tarleton State University. It was in the auditorium. At the end of the play the Pre-k got to take some pictures with the characters. They had to leave the school at 8:00 to make it by 9:00. And the

afternoon class left at 12:00 to make it by 1:00.

The play was about three sons who were to shoot an arrow up into the sky and whoever found the arrow would have the bride. The third son wound up with a frog bride! But at night the frog princess turned into a beautiful girl.

I hope you get to see the rest of the story sometimes. The students really enjoyed seeing a live performance.

Second Grade Studies Animals

Melannie Victoria 3rd

I interviewed Mrs. Stewart and her second grade students about what they have been learning. Mrs. Stewart told me that second graders have been learning about animals and their habitats. One of the ways they were learning about sea animals was by listening to a tape about sea creatures.

They have already done worksheets and discussed other sea animals such as sharks, whales, and penguins. Mrs. Stewart said that second graders were very interested and were learning very quickly. Sometimes they do research on the computers to get information about the animals.

Second graders re having a good time learning.

Teachers On The Move!

Camron Creek 3rd

I interviewed Mrs. Underwood about the recent move out of the portables and into the "old" third and fourth grade building. When I walked into Mrs. Underwood's

room my first words to her were "your room is awesome." That really made her day. I think she liked it when I complemented her room. I REALLY think she likes red.

My little brother is in Mrs. Underwoods class, and he likes his new room too.
