

The Kindergarten Move
Jasmine Suniga 3rd

When the kindergarten moved, it wasn't "easy." It wasn't easy because all of the teachers had to stay up very late, and had to get up really early because well because they're teachers.

When they moved the custodians had to help move the furniture, books, and supplies. When they took the old lockers out they replaced them with coat and backpack wall hangers. In all of the rooms they have brand new paint but she didn't use that much yellow. They also said that they all enjoyed decorating their own rooms.

They also stated that they love their new room because they have bigger windows, and it's more convenient to go to Spanish classes. They also said that since they moved, it would be easier to

go outside.

They like their new rooms because they stay in a whole kindergarten grope.(and separated from the 1st graders).

Kindergarten Celebrates 100 days

Joe Gilligan 3rd

On Tuesday, February 3, the Kindergartners celebrated 100 days in school. Ms. Hick's kindgarten class made necklaces with one hundred beads on them. They made head bands which held a total of one hundred because it had ten strips with ten stickers on each strip. Ms. Hick's class was divided into groups of two and played the more or less game where each person rolled dice to see if they could reach 100. The one who did it first was the winner. They had black strips of paper. The black strips were the one hundred

and they drew the rest.

Ms. Hick's class counted to one hundred by fives using tally marks. They were divided into three groups and did one hundred piece puzzle. They also made "derdnuh," which is one hundred spelled backwards, and has one hundred different things in it like cereal and popcorn and many other things They had to find one hundred different things.

I wish I could have been there with the class to do all of this fun stuff with them. It sounds like it would have been a lot of fun.

Teacher Book Reviews

Billy Scheller 3rd

I interviewed Mrs. Day to find out how our library may get extra books to put our library. This is what she said. "If our school pays \$1,000 to Howard Payne University our library will receive about \$4,000 worth of books. The only thing they ask us to do is review the books we check out. When we review a book, we tell a summary about it to see whether we like it.

Teachers have about two months to review 30 books. Mrs.Day and Mrs. Roberts, our librarian, go four times a year to get books. The school benefits by getting many additional books that we couldn't afford to buy."

More Reading and Less Playing

Jasmine Suniga 3rd

If you want some books, go to the Public Library in Comanche. They have lots and lots and lots of books over there. This Friday Mrs.Lilley's class will be taking a field trip, by walking!

The library has as many books as the whole Comanche Elementary does!!! When I interviewed Mrs. Lilley she gave me a lot of information.

One of the new things that the Public Library has initiated is a way for students to go on line to get help with homework. They can go to the Comanche ISD website and enter their library card number. You MUST have a library

card. Without it, you cannot go on line.

Another thing Mrs. Lilley said is that the librarians were trying to get a lot more students to visit the public library. She also stated that the 3rd grade will go an hour each week, and she said that she's hoping to get students to go even in summer.

The librarians are hoping, too, that the children will get on the computer to try and look for books, and there is way more books to check out in the public Library.

Last week Mrs. Carroll's class went early in the morning. (It was on a Monday)

So if you want some books, go check it out!
