# Book Reviews

*The Puppy Place-Cody*

By Ellen Miles

Reviewed By John

Whiteside

I loved this book! Once again the Peterson family got another puppy, but this time in quite an unusual

way! They tied a Dalmatian pup to a tree in front of Charles and Lizzy's house. Well, if you haven't read any of "The Puppy Place" books, Charles and Lizzie foster puppies and dogs.

Cody, the Dalmatian pup, is quite hyper. While she went to the shelter to volunteer, another person started talking about a harness. Then she bought one, and what a great buy. It really works. He now doesn't pull on the leash and is maturing. He goes through a lot of training . . . The owners that tied Cody to the tree came to claim Cody. Lizzy said no I have to find him a home. The elderly people realize that they should adopt a grown and mature dog.

Later Lizzie . . . You'll have to read it to find out what happens!

*The Diary of a Wimpy*

*Kid*

By Jeff Kinney

Caroline Wilkerson 5<sup>th</sup>

*The Diary of a Wimpy Kid* is a very funny book. That's written out in pictures and words. In Greg's diary he puts his feelings and emotions all down on paper. It's an exquisite and exiting novel by Jeff Kinney and one of his bests. If you read the first one, you are going to have to read all of the others.
