**The Terrific Team Part 2:**

I, am Racasha 2

Zachary A. C.

"Jason, I must leave."

"How long, father?"

"Maybe a year. Maybe forever."

"NO! Father!"

Jason woke up. It was a dream, or, more like a memory.

The next day, Jason and Brian go for a walk.

"What's that?" asked Brian. "Raca troops." Said Jason "Fire transformation!" Jason transformed into Fire Foy. "Water transformation!" Brian transformed into Water Boy.

There was an alien, but he wasn't a Raca though. He looked like a zebra in the shape of a man with armor from Rome. "Ow rak iot lapis. (Move or PERISH!) said the alien

The Racas fired. Sw upe! Swupe!

"FIRE LIGHTNING!" said F.F killing the Raca troops. The alien retreated. The chase

was on ! The alien was trapped! If he took one more step he would fall off the cliff. He jumped off the cliff. "A days work a days done." THE END

**Robin: Part 6**

Whoosh! The hay crunched below me as I jumped for the sword. I felt the handle in my hand. Yes! I jumped up.

The sword was heavy. It took both of my hands to hold it.

Suddenly, the sword started to vibrate violently. Then, without warning, the sword swung around to meet a hay cart hitch, breaking it in half.

The black knight cowered against the wall, knowing that he was now helpless. I advanced on him. Then, the sword magically swung at him, and he dodged it, but he fell out of the hay loft.

I heard him moaning below. Then I noticed a vertical beam that supported the middle of the roof, right above where Robin was laying. I had an idea.

The sword was no longer manually controlling itself, so I

had to do this on my own. I grabbed the horizontal beam that goes all the way across the roof of the barn and swung onto it. Then, I crawled across the beam to the main beam.

I swung the sword at the beam, and then quickly crawled back to safety.

But I was too late. The beam that I was on snapped, and it swung right through the window with me still clinging to it.

I heard the roof come crashing down behind me, and I knew that Sir Robin was finally finished.

was Mexican Tacos Delight

Everyone loves to eat food and everyone enjoyed the Global Goodies Café too. We gave every student \$40.00 and a

menu. We e tried to encourage them to buy an entrée and a dessert.

One entrée choice

Ole! It was t a c o s

served on layers of crispy taco shells. A dessert was a tempting German dessert. It was a creamy German Chocolate Cake or

tempting homemade Kuchen. The cost was \$3.75 in U.S money and in euros it was 4.27.

So every student loved the

seasoned with zesty spices and

restaurant. Everyone picked an entrée and dessert from the countries we chose. For example, I picked China as my country and one of my entrée was Chinese

Steamed Tench. My dessert was a Chinese Gold Fish

Gamballing. Everyone thought all the food was yummy!
