The Divide

By Elizabeth Kay
Brady M. 5th

Have you ever dreamed about being in a magical world? Well, to Felix it is no dream.

Felix has a rare heart disease that risks his life. His

parents take him to Costa Rica to the Divide, where the Atlantic Ocean and the Pacific Ocean divide.

Felix steps on the Divide and gets shot off into a magical world, where mystical creatures are real, and humans are only a legend.

There he meets Betony, an elf, and Ironclaw, a griffin. Together they set off to find a cure to Felix's disease.

Will they be able to find a cure? Can they dodge the trouble that lurks around them? Find out by reading the Divide.

The Hostile Hospital

By Lemony Snicket
Alexandria S. 5th

You would think nothing could get any worse. Too bad it did.

Violet, Klaus, and Sunny Baudelaire have escaped V.F.D. (Village of Fowl Devotees), where they were wrongfully accused of being murderers and helped the Quagmires escape.

While on the run, they found a group called V.F.D (Volunteer Fighting Disease). This might lead to the mystery of V.F.D.

The V.F.D. group work at a hospital. While with them, the Baudelaires start working in the Library of Records and find out that one of their parents might still be alive.

But what happened to County Olaf? He's right on their trail.

Read Lemony Snicket's The Hostile Hospital and find out how Violet almost got operated on, how Klaus and Sunny became doctors, and how they escaped Count Olaf's assistants and the dreadful thing that started all their misfortune.
