# The Shakin' Breakin' News!

Comanche Elementary School

January 2008

Published by the 5th grade G/T class

## The 4<sup>th</sup> Grade Volcanoes

Jesus Huerta 5<sup>th</sup>

On January 10 the fourth grade science class made and erupted their volcanoes. This is something that they were looking forward to. Some of the volcanoes were red, brown, green, and others were black.

The three types of volcanoes are dormant, active, and extinct. Dormant means it's a sleep,

active means it constantly erupts its quiet at first, but becomes violent, and extinct means that it has been inactive for a long time. They are now studying about these types volcanoes and how they effect the earth.

When I was in fourth grade and we erupted our volcanoes, I was surprised how you could make something like a volcano.

I had a great time watching the 4th graders and their volcanoes.

## Hoops 4 Heart

Hayden Taylor 4<sup>th</sup>

Third, fourth, and fifth graders in P.E. are raising money for the American Heart Association. That money is used to provide better health for heart patients. It is important to find a cure for heart disease. Another way our money is used is researching heart diseases so ways can be found to prevent heart attacks.

We will have teams playing games, such as basketball dribbling, running races and most important seeing which team can make the most basketball hoops.

Prizes will be given according to the amounts of money that we collect going from door to door.

## The Book Fair

Zane Ellis 5<sup>th</sup>

There is a bunch of books in the book fair. There is 08 World Records, High school Musical, Blizzard of The Blue Moon, and Secret Codes for consoles and handhelds. It goes on January 21-25. It is 7:30 to 8:00 in the morning and 3:30 to 4:00 in the afternoon. But remember on Friday it is only in the morning from 7:30 to 8:00. Come to the book fair. The theme is Take a Reading Road Trip. There will also be posters, pencils, highlighters, and computer games.

## The Stock Show

Kaylee Pickett, Brenna Warren, Natalie Wright 5<sup>th</sup>

The Comanche County stock show was held Monday January 12, 2008. They showed pigs first, sheep second, goats third, cows fourth, and last but not least horses!

All three of us that are writing this showed. Kaylee showed three sheep, and three goats, the places I got were 1st, 1<sup>st</sup>, 3<sup>rd</sup>, 5<sup>th</sup>, 6<sup>th</sup>, and two grand champions. Brenna showed three horses, and one pig and she got 2<sup>nd</sup>, 5<sup>th</sup>, 1<sup>st</sup>, champion, and she got the belt buckle for showmanship with her horse, and Natalie showed four pigs. She got 1<sup>st</sup>, 6<sup>th</sup>, 6<sup>th</sup>, and 7<sup>th</sup>.

A lot of the kids at Comanche Elementary showed at the county stock show. We had lots of fun there. Its good to show at the stock show because it teaches you responsibility by taking care of the animals. I hope you were there and watched us show. We all did really good and had a great time!!

## Class Stuff

Ali Cotten 3<sup>rd</sup>

This month we our going to write a persuasive paper on why we should be taking our shoes off in class. I think we should take our shoes off because we will work harder.

Some other things we are doing is an experiment on water vapor. We are talking about solids, liquids, and gas and cutting out pictures of solids and liquids. The last thing is we're studying South America. Sometimes I like science even language, but my most favorite subject is math.

## Roller Coasters

Kailee Hansmire 5<sup>th</sup>

In the 5<sup>th</sup> grade science Class we are building roller coasters. Not real roller coasters but ,their made out of materials like foam pipes ,boards ,wires ,poster board ,wood , and insulator(that makes our materials sick

together).On the first day, we planned out our roller coaster. The next day we built the coaster. The last day we showed our roller coaster to the class. The 5<sup>th</sup> grade loved making the roller coasters and hope to do it again!

## Jump rope for Heart Daniel Volleman 5<sup>th</sup>

The kindergarten, first, and second grade are doing a program called jump rope for heart. It is where they can collect money for people who are diagnosed with cancer. The kids in those grades don't have to sign up for the program but if you do than go collect money around the neighborhood. If you collect 150 dollars you get two tickets for

Hurricane Harbor. You also get your name in a drawing to go to Disney World. We are doing this program in P.E. talking about P.E. reminds me that we have a new teacher in P.E. Mr. Hardin came from Tarleton. He was a P.E major at the collage. He is from DeLeon, Texas. He will be teaching elementary for 6 weeks and at the high school for 7 weeks. Oh yeah about jump rope for heart remember to collect a lot of money.
