

The coolest stories

Enna Carroll

An Unexpected Visitor Madison Hagood 5th

Cali Tabbatha looked out her window and smiled. Tiny snowflakes floated down from the sky and landed softly everywhere. Time seemed to stand still for a while and the world was like a tiny snow globe with someone shaking it.

"DING DONG!!"

Cali stood up and ran to the door. As she opened it, a young girl ran inside.

"Hello Miss Cali! I am Bridget Tabbatha, your long lost twin. Do you even remember me at all? Bridget asked as she saw the confused look on Cali's face.

"Mom get down here! There is some insane person who thinks she is my long lost sister!" Cali yelled as she her mother came down the stairs.

She came slowly at first but when she saw Bridget, she ran down and fell flat on her face!

"How did you find us young lady? You know I sent you to a military camp, and you were not supposed to come back for 5 more years! Oh and now your sister knows who you are! Oh now what, now what? You have ruined everything!" Cali and now Bridget's Mom yelled as she paced the floor.

Suddenly the door burst

open and Cali's best friends, Sandra and Kailee came in. They were twins, too and their mouths hung open when they saw Bridget.

"Who is this? Cali, why does she look so much like you? Is she your twin or something?" Sandra asked.

"Of course not! You are so crazy Sandra. She must be an alien from outer space!" Kailee answered.

"And you think I am crazy! Cali who is this anyway?" Sandra said.

"Oh this is just my long lost twin sister who has been away to military school her whole life and decided to show up today and ruin my whole life. I mean, if she was at military school the whole time that means that she has to be mean and rude. I do not want this insane person living in my house, eating my food, staying in my room, and going to my school! I want her to leave and never come back!" Cali yelled as she ran to her room, crying.

Sandra saw that this was the time to go and said, "We better get going. I hope that you all settle this out!"

"Oh Sandra, why would we be going now? Things are starting to get good and I still think that the twin is an alien. You never know, do you? Who knows, we could all be aliens and not know it. BOO!" Kailee yelled and hopped out of her chair.

Cali's Mom thought that this was the time to settle everything, but she could not help but wonder, "Why is Cali even friends with that Kailee girl? I think she is crazy!"

"Mom, I think that I need to go back to military camp because I am causing so much trouble here. I don't see why Cali does not like me but I am ruining her life and I really don't like that. Please tell her that I am sorry. Please forgive me." Bridget said.

"I know that you don't like military camp but you are doing a great job there. You love sports and running is almost everything they do there. Someday you will thank me for sending you there, when you are running in the Olympics, because you can do anything that you want to do, so go for it!" her Mom said with tears forming in her eyes.

Cali came downstairs later that evening when Bridget was still there. She looked as if she had been crying, too.

"I'm sorry that I didn't like you Bridget. I'm just not used to having a sister, but the more I thought about it, the more that I liked the idea of having a twin. If you want to stay, I would love it. But you can do whatever you want, because you are probably still mad at me. I know that I would be!" Cali said as she hugged her new sister, Bridget.

Bridget did stay and she and Cali became the best of friends. Through the years, the both looked back at that day and laughed. They just could not believe there was a day when they didn't know each other, that there was a day, when an unexpected visitor came by for a visit.

Where is Barrny?

Angelica Kay Evans 3rd

Once before I was born, when my mom and Uncle Bill were just little kids they had a very interesting life. Their parents were Billy Ray and Doyleene and they lived in Proctor, Texas.

They all had three dogs named Barrny, Barny and Julio. One day they decided to go to the barn. They had not been to the barn in a long time.

They got all the dogs and put them in the car. On the way to the barn Barny jumped out! When they went to get the dogs out of the back they discovered Barny was gone!

They were disappointed and sad at the same time. Ann was really nervous because she was getting her glasses that week! She was nervous because she had never had glasses.

But someone found him! Her name was Gay Henry. She had found him on her way home from her jog! She knew Barny was theirs because of the nametag. So they all had all they wanted back. That is until Julio ran away. But that is a different story...

Cowgirls

Enna Carroll 5th

There was a girl who more then anything wanted to be a cowgirl. But she had no idea how hard it would be so she asked her parents if she could move to the west for a few months so she could learn to be a cowgirl. Her parents said she could although they did not want her to leave them.

So the day came for her to leave and her parents tried to act happy but they were very worried. She went on her way and traveled for many days. Then finally she came to the west. She was glad she brought a lot of water because it was very dry and hot. As she went on her way, she met a cowgirl.

The cowgirl had a gun with her and the girl was frightened. But the cowgirl asked her who she was in a friendly manner. The cowgirl told her about being a cowgirl and soon they were good friends. Then a loud whistle interrupted their conversation. The cowgirl jump up and told the girl to come with her quickly and so the girl followed the cowgirl.

The cowgirl told her that she better leave the west if she wanted to live so the girl left and never returned again.
