

What Can We Discover?

Austin Hagood 3rd

Mrs. Hagood's Discovery classes studied about rocks recently. Earth Science is her favorite subject, so she feels she does a good job of teaching this topic. First and second grade classes really enjoyed the study of rocks. You can find rocks almost anywhere you go. There are hundreds of different kinds of rock.

I call Mrs. Hagood, Grandma, because that is what she is to me. And I kind of think she is special.

resolutions. They thought of ways they could become better students, siblings, or citizens. They wrote about them in their journals and read them

New Years' Resolutions

Dev Bhakta 3rd

To begin the New Year, 2010, Ms. Sandoval's second grade discussed making New Year's

to Mr. Stahnke in his office. That was a real treat for them. Here are some excerpts from three of the students' work.

Sofia is in second grade and she believes that you have to do better work in school. She says,

"If you do good work at school, you will get smarter." Vianey is also in second grade and she said, "I will try to get faster in AR and read more books. I do AR to learn how to read." Her goal is to always make a 100 on each test. Kenia is interested in being nicer to her sister, her parents, and her teacher. Here is what she says: "I will be nicer to my sister. I will help my mom and dad more, and I am going to love my teacher and respect her."

I didn't have any New Year resolutions, but these second graders sure did a great job of making theirs. I am sure they will do top-job of keeping their New Years' resolutions.

County Livestock Show

Kolton Frazier 3rd

The annual County Livestock Show for 2010 was held on January 15-19. The schools that participated were Sidney, Gustine, DeLeon and Comanche, which is the county seat. The FFA Department and 4-H Club members showed breeding and market swine, meat and dairy cattle, Angora breeding and meat goats and milk goats, horses, market and breeding sheep. Showmanship awards were given in each of the categories.

On January 15-17, all animals were checked in and weighed. On January 18, the show began at 8:00 am and continued into the evening. The show continued on January 19. The Premium Sale was held at the Livestock Auction Barn at 6:30 pm. Grand Champion and first place winners may sell their animals. Buyers will buy the animals that are brought to the sale.

Comanche ISD students had a school holiday on January 18 so that students could attend and also show their animals.

A New Coach on the Block

Aubrey Millwee 3rd

There is a new P.E coach. His name is Coach Dail. He is going to be doing his student teaching with Ms. Ferrell for the Middle School and for the Elementary School, too. We have already met him. He is very nice. He will work at the Middle School for eight weeks and then he will work in the Elementary School for eight week until he completes his student teaching. We are glad to have him working with us.
