

A Wonderful Author Monica M. 4th

On March 9, 2004, Bill Foster came to Comanche Elementary School to talk to us about his book. The book he talked to us about was called The Boy Who Wouldn't Comb His Hair.

He wrote the book because his son never liked to comb his hair.

His mother decided to teach him a lesson. You will find out what that lesson was in the book.

Mr. Foster has already written nine other books. Only one has been published so far. One is at the publisher's now. He said it takes him one hour to write a story and three hours to edit it.

His story was wonderful!

Asthma Program Kerri D.

On March 4, Nurse Clifton worked with all the children who had Asthma. She talked to them about their inhalers and how to use them correctly. All the children were very grateful to have her help. Lets give Nurse Clifton a big thank you. **THANK YOU NURSE CLIFTON!!!!**

Open House Kylie V. 5th

On March 10, we had an open house. In the G/T classroom the first and second grade did some highlights over Japan and Germany. They made Kimonos and they were placed on the far back wall in the G/T classroom so when you and your parents were at Open House if you went to the G/T class you could have seen them. I hope your parents liked what you were doing in school and I hope you had a good time.

Celebrate Independence! Meagan J. 4th

Did you do something special in class on March 2 this year? Well, you should've because it was Texas Independence Day from Mexico, ever since 1836! In Mrs. Kunkel's fourth grade social studies class we sang "Texas Our Texas" and "Deep in the Heart of Texas". In Mrs. Schuman's fourth grade G/T class we also sang "Texas Our Texas". You know if the Alamo fell on March 6th and the Declaration of Independence was signed on March 2nd what happened? Well, news didn't travel so fast in those days, and Washington-on-the-Brazos was along way away from San Antonio. I hope you honored the Alamo on the 6th and Texas Independence Day on the 2nd.

Models

Kylie V. 5th

For a couple of weeks in social studies the 5th grade has been making models and the ones that are finished are in the glass case by the old office, and the ones

that are not finished will continue working in them. So after school when you go outside to go home stop and take a look at the models they are pretty cool! And you fourth graders might be making some of these models next year.

Happy Birthday Dr
Seuss!!!

Kerri D. 5th

On March 2, 1904, Dr. Seuss was born. On March 2, 2004, K-2 grade celebrated his birth. They met at 1 p.m. in the cafeteria. The second graders were on stage with the boys on one side and the girls on the other. The kindergarten started by singing happy birthday to Dr. Seuss. Then the first graders sang a song based on the quote from Dr. Seuss, "The more that you read, the more things you will know. The more that you learn, the more places you'll go." Then the second graders presented a readers theatre version of Green Eggs and Ham. Schools across America enjoyed Read Across America Day. We hope K-2 enjoyed it, too!
