

**I & 2 GRADE WRITERS**  
**KAREN DURAN**

Mrs. Schuman's first graders decided if they would rather have snow or winds in March.

**Austin Hagood 1<sup>st</sup>**

I would rather have March snow, than March winds because I could build a snowman and some friends could come over. We could play in the snow.

I don't like March winds because there could be a tornado and the wind could be very cold.

I like March because it is my friend, Robert's birthday and I am going to Casa Manana Saturday.

**Kolten Frazier 1<sup>st</sup>**

I would rather have March snow than March winds because school might turn out if it snows. I can have a snowball fight with my sister!

I don't like March winds because the wind dries the grass and if someone throws out a cigarette, it will start a fire and it will spread.

I like March because it has St.

Patrick's Day in it.  
March  
Parker Dunn 1st

I would rather have March snow than March winds because you can have snowball fights and friends can come over to play.

I do not like March winds because the winds can be so strong, it blow me down. It might even blow me away.

I like March because my brother Lanais birthday is in March. He will be 20. You can also see rainbows in March and if you are lucky you could find a pot of gold

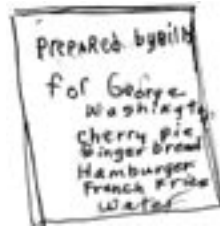

Mrs. Schuman's second grade class chose a famous person to go to lunch with and ask them questions . Included is the menu they chose to have as they visited.

**Billy Scheller 2nd**

If I could meet a famous person, I would like to have met George Washington because he was the first President of the United States and because he was a great President, I would like to ask him what it was like to be President? I also would like to ask if his mom was a good cook?

He would want to know about me too. I would tell him

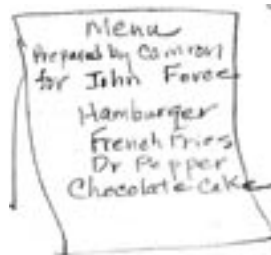

that I had studied a lot about him and enjoyed it a lot. I would take him to lunch and this is what we would have.

**Camron Creek 2nd**

If I had a chance to meet John Force, I would tell him that am a big fan of hids and that I just wanted to know him better, I would ask him two questions. "Do you like drag racing? and tell me about your car."

I would tell him that I like drag racing too. Someday I would like to e a drag racer. Then we would go to lunch and this is the menu we would have.

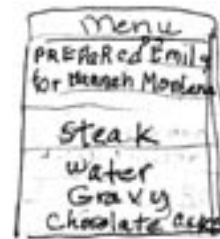

**Emily Tindol 2nd**

I have always wanted to meet Hannah Montana. I would like to know more about her. I would ask her what her favorite songs are. I would ask her what it is like to be famous?

If I had a chance I would like to take her out to lunch.

Two questions I would ask her are: What is it like to be in movies? Do you get stage fright? I would tell her I play basketball and I am in second grade.

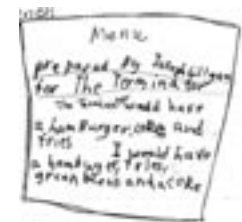

You will see what we had for lunch.

**Joseph Gilligan 2nd**

I have always wanted to meet the Terminator because he like science fiction like I do. I would want to know what he does do ad how he likes the movies. I think he would want to know something about me too and I would say that I am seven and I am in the second grade at Comanche Elementary;

I will take him out to have lunch with me and you will see our menu.

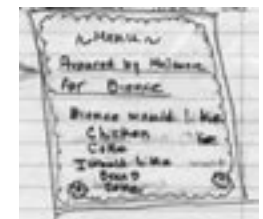

**Melannie Victoria 2nd**

I have always wanted to meet Bionse. I not only want to meet her, I want to eat with her and I want her to tell me how she sing and makes recordings that can be sold to many people.

I would like ask her to just two questions. I want to know if she will want to have children and I want o know if she has a boyfriend

I would introduce myself and tell her I am Melannie and that I love music. I also enjoy swimming in my own pool..

Then we would go out to eat and we would have a nice dinner. The menu is below.
