**Keller State Tournament
Madison Hagood 5th**

On October 6th and 7th, the 12 and under "Diamond Divas" played a softball tournament in Keller, Texas. Most of the girls drove up the night before, but some drove on up that day.

The first game was played at 10:15 Saturday morning. (The first two games were pool games and did not count.) I started out pitching and our coach, Danny Armstrong let everyone of the girls pitch if they wanted to. We lost the first game 7 to 8.

We played another pool game right after the first game. We played the Keller team. Still, different girls pitched every inning. We again lost the game 10 to 12.

We did not play again until after lunch, so almost everyone went to a pizza place to eat. After we were done, we had to hurry back to play again.

That game was the first game that really counted. During warm ups, they had music playing. That game we lost 13 to 14.

We played a last game at 5:30pm. The team only had one pitcher. We again lost 3 to nothing. We were out of the tournament. We tied for last, but we still felt like we had won, because we tried our best!

Panhandle Region of Texas

Jasmine Matlock 4th

Today, I'm going to talk to you about the Panhandle because it is my favorite region. The Panhandle has blue nothers during the winter. It also has a town called Tulia and it has huge livestock feed lots, which has its own hospital called a hospital pen! It is for sick cows. Every day a man on a horse goes into each and every pen to check for sick livestock. But when they heal the sick cow and after they fatten it up they take it to Slaughter House and slaughter it for meat!

The Panhandle Region is very interesting.

Halloween History

Jesus Huerta 5th

The holiday Halloween started with the Celtic. They feared Oct. 31.The festival of Lord of the dead Samhin.In order to please him they made huge bonfire every Halloween made of oak considered scared. They made sacrifices to the gods they burned criminals, prisoners, and animals ALIVE!!!!While they watch them die they see good and bad things in they're future and say it is strongest on Halloween. If they did not please them they would punish the Celtic Community. They wore costumes to scare the spirits. This began the Origin of Halloween. They thought that if the spirits got hungry they would look in front of people's houses. In Mexico the tradition continues, But the parents tell them don't Stay past 11:00 you never know what will follow you home?
