

The Top Dogs-Third Graders

Dev Bhakta 3rd

I have interviewed my third grade teacher, Mrs. Callison, about third

grade and the things that they plan to do this year. They will be learning about customs, traditions, and locations of the continents of the world. They will do many fun activities while preparing for the

reading and math TAKS tests to be taken later in 2010. I think 3rd grade sounds like a lot of fun. I am happy to be a third grader.

Hooray for First Grade
Parker Dunn 3rd

I interviewed Mrs. Underwood, who is a first grade teacher and she told me what things were going to happen in first grade this year. She told me that in first grade students learn how to learn to read, spell, and do math. I had forgotten everything they do. After all, it's been two years since I have been in first grade.

Pre K First Timers
Alexis Donald 3rd

The third grade G/T class is going to be columnists for the Elementary Section of the newspaper. The 6th grade class in Middle puts it together with their part of the newspaper. We are covering different areas of our school. I chose to talk to our Pre K teacher, Mrs. Nancy Tindol, who said they are off to a good start. Pre K has a lot to learn about rules. So mostly this is what they have done. One of the hardest things they do is keeping their hands to themselves. Both of the Pre K classes are having lots of fun.
