Ground Breaking! Madison 5th

On Friday, September 7, 2007, grades 2nd- 5th went to the Jr. High to dig the foundation of the new middle school. Everyone got "tools" and dug the ground. The school board was also there with shovels.

After we were done digging,

everyone got cake and milk. Then, they got on buses and went back to school.

The new middle school should be finished next year, so that 4th- 6th grade can go to the new building! The new principal will be Ms. Carruth. They said that everyone might have to change schools half way through the year!

Parent Teacher Night Caroline 4th

At Comanche Elementary, we had a parent-teacher night so the parents could meet the teachers and know what the kids would be doing all throughout the school year. Kindergarten, second and fifth grade had their parent teacher night on Tuesday, August 28. First, third and fourth grade had their parent-teacher night on Thursday August 30. While parents went inside to go see the teachers, the kids played on the playground. Principals, Mr. Stahnke and Ms. Carruth monitored the playground.

Mrs. Deal Angie 3rd

When Mrs. Deal was little, she had a lot of animals. She had horses, cows, and dogs.

She lived on a farm with a lot of animals. She loves to spend time with her family.

Before Mrs. Deal started to teach, she went to Texas Tech, and she tutored football players. She also helped with the little kids. Mrs. Deal wanted to teach because she loves children.

Mrs. Deal likes social studies and reading. So that is Mrs. Deal and this is her life. I am in her class. She is the best, and I love her.

Mrs. Taylor Moves Alex 4th

Mrs. Taylor has been teaching third grade for several years. But this year, she has moved up a level and is teaching fourth grade. She's the fourth grade math teacher. We welcome her. And hope that she will enjoy her new assignment.

New Teacher in Forth Grade!!!

Payton 4th

I interviewed the new 4th grade teacher this morning. Mrs. Rhonda Davis is our newest teacher in 4th grade. She says she loves school so far. She says all the kids are so well behaved!

She thinks the most important thing someone can learn is how to spell and write correctly, so it is easier to communicate with other people. She loves teaching kids. She said kids are so much fun to be around.

Her favorite thing about teaching, is getting to see kids be successful and be proud of them, when they are able to do something that was hard.

She likes spelling, because it's kind of like putting puzzle pieces together.

She teaches 5 classes a day. She has about 108 kids to teach per day. That's a lot of kids!

Her hometown is Arlington, but she taught in Burleson.

We fourth graders wish her well here at Comanche Elementary School. Welcome Mrs. Davis.

Mrs. Callison Carly 3rd

Mrs. Callison said she wanted to teach, because she liked being around the kids. Before she taught she, worked at the Comanche bank.

She said she likes her kids in her class. Her favorite subject is math and language.

I think she is fun. In science class, we made landforms out of Play Doh. It was fun.

Enna, Brenna, and Kailee sell an add to Jim Grimshaw of Bayer Ford

Selling Ads Kailee 5th

The GT class went out selling ads for our school newspaper. Some of the GT parents, volunteered to take us to the businesses. We were divided

into 5 groups, each group had one part of town. A bunch of businesses, bought either a signature or a business card ad. Even, a couple new businesses bought an ad. We raised over 2,000 dollars!

The First Day of School Kaylee 5th

"RING! RING!" The school bells rang on August 27, 2007. Many students were at school early to meet and greet their new teachers. Everyone was excited to see their friends again. Most students, got organized with their teachers.

Enna said, "It was very

exciting."

Madison said, "Before I got there, it was nerve racking, yet once I got there, I was excited."

Mr. Stahnke, our principal, was very excited about the first day of school. He said, "The first day of school went very well. We had very few problems, the teachers, teachers aids, and students did very well."
